HISTORIC PRESERVATION ZONING MAP AMENDMENT

DISTRICT: TRACY PARK HISTORIC PRESERVATION OVERLAY

LOCATION: SOUTHWEST CORNER OF EAST 11TH STREET SOUTH AND SOUTH PEORIA AVENUE

LEGAL DESCRIPTION: TRACY PARK AND PART OF VACATED 11TH PLACE BEGINNING AT THE SOUTHEAST CORNER OF TRACY PARK, THENCE SOUTH 30 FEET, THENCE WEST 300.3 FEET, THENCE NORTH 30 FEET, THENCE EAST 300.3 FEET TO THE POINT OF BEGINNING, IN RIDGEWOOD ADDITION TO THE CITY OF TULSA, TULSA COUNTY, STATE OF OKLAHOMA, ACCORDING TO THE RECORDED PLAT THEREOF

APPLICANT: INITIATED BY CITY COUNCIL

NATIONAL REGISTER LISTING: 1982

A. CASE ITEM FOR CONSIDERATION

1. Request for an Historic Preservation (HP) Zoning Map Amendment to supplementally rezone a property (Tracy Park) to Historic Preservation Overlay (designated as HP) in the Tracy Park Neighborhood.

B. PURPOSE

Section 20.020-A of the Tulsa Zoning Code describes the purposes and intents of HP Overlays:

20.020-A Purposes

HP, Historic Preservation overlay districts and the other historic preservation-related regulations of this zoning code are intended to:

1. Promote the educational, cultural, economic and general welfare of the public through the conservation, preservation, protection and regulation of historic resources within the City of Tulsa;

2. Safeguard the cultural, social, political and architectural heritage of the city by conserving, preserving and regulating historic preservation districts;

3. Conserve, preserve and enhance the environmental quality and economic value of historic preservation districts;

4. Strengthen the city's economic base by promotion of conservation and reuse of the city's historic resources; and

5. Promote the development of the community in accordance with the comprehensive plan and historic preservation plan.
C. BACKGROUND
There are currently eight (8) HP Overlays in the City of Tulsa, with the last adopted district being the Tracy Park HP Overlay, effective in January 2023. As adopted, the Tracy Park HP Overlay excluded Tracy Park itself because of concerns brought forward by the Parks Department about the standards and approval process for updates to the park. The city council instructed Tulsa Planning Office staff to consider amendments to the Unified Design Guidelines and to return with a new proposal for inclusion of the park in the HP Overlay. Proposed zoning code and design guideline amendments that address work in City parks within HP Overlays were approved by the city council on December 20, 2023, and are expected to become effective in January or February 2024. The city council initiated the HP Zoning Map Amendment to consider adding Tracy Park to the Tracy Park HP Overlay on December 13, 2023.

D. ISSUES AND CONSIDERATIONS
1. Historic Significance
The Tracy Park neighborhood is located just east of downtown Tulsa and is roughly bounded on the south and west by the inner dispersal loop (IDL), on the east by Peoria Avenue, and on the north by East 11th Street South. The Tracy Park Historic District was listed in the National Register of Historic Places in 1982. It was nominated to the National Register at the local level of significance in architecture for its eclectic mix of architectural styles from the 1920s and in community planning as an example of subdivision development in early 20th-century Tulsa. Commercial properties along Peoria Avenue were not included in the district on the National Register of Historic Places. Tracy Park, a 3.54-acre public park, is in the northern portion of the National Register district.

The Tracy Park Addition was platted in 1918 and then re-platted as the Ridgewood Addition in 1919 on land purchased from Nola Childers Tracy. Tracy Park itself was included in the 1919 subdivision plat of the neighborhood, and the property has continued its historic use as a park since then. Tennis courts have been present in some form since the 1920s but have been altered and resurfaced over time. Extant historic features at the park include the retaining walls along 11th Street and Norfolk Avenue, the fountain basin, and the circular walkway around the basin.

2. Existing Conditions
Today, Tracy Park is a 3.54-acre park that features seven (7) tennis courts on the west side, a playground, walkways, benches, drinking fountains, bike racks, and a fountain on the east side. The property is zoned Residential Single-family 3 (RS-3) and is included in the Route 66 Overlay, which encourages neon signage along Route 66. The city’s comprehensive plan, planitulsa, designates the land use on the property as Parks and Open Space.

11th Street (Route 66) runs along the north side of the property with the Oaklawn Cemetery across the street. To the east is Peoria Avenue with pedestrian-scale shops and restaurants across the street. South of the park is 11th Place and the Tracy Park neighborhood, which is already included in the Tracy Park HP Overlay. To the west of the park is Norfolk Avenue, the Midland Valley Trail, and the IDL, with the Central Business District (CBD) just beyond.

3. Unified Design Guidelines
The Rules and Regulations of the Tulsa Preservation Commission (TPC) state that the recommendation of the TPC to the Tulsa Metropolitan Area Planning Commission (TMAPC)
shall include any recommended design guidelines that will apply within the overlay. New
guidelines that would apply to Tracy Park are included in the proposed amendments to the
Unified Design Guidelines for Non-Residential and Mixed-Use Structures, which were
approved by City Council on December 20, 2023. It is estimated that the guideline
amendments for City Parks will become effective in January or February 2024.

E. Approval Criteria
Section 70.060-J of the Tulsa Zoning Code describes the approval criteria for HP Zoning Map
Amendments:

SECTION 70.060-J HP Zoning Approval Criteria
A building, structure, site or area containing buildings, structures or sites that are at least 50
years old, or less with exceptional importance and possessing integrity, may be classified in an
HP overlay district if the subject building, structure, site or area meets one or more of the
following criteria:

1. It has significant character, interest, or value as part of the historical development,
history or cultural heritage of the city, state, or nation;

2. It has significance as the site of a historic event in the past of the city, state or nation;

3. It is associated with a person, or group of persons, who played a significant role in the
historical development, history or cultural heritage of the city, state, or nation;

4. It is the embodiment of distinguishing characteristics, design, details, materials or
craftsmanship which represent a historically significant architectural or engineering
innovation, type, style or specimen;

5. It portrays the environment in an era of history characterized by a distinctive
architectural, engineering, or construction style;

6. It represents a significant and distinguishable entity of historical importance whose
components may lack individual distinction;

7. It has yielded, or is likely to yield, information important in prehistory or history; or

8. It is listed or meets the criteria for being listed on the National Register of Historic
Places.

F. Procedure
The TPC Rules and Regulations require the TPC to host an informational meeting prior to the
public meeting in which they make a recommendation on an HP zoning map amendment. Tulsa
Zoning Code Section 70.060-F describes the TPC’s review and recommendation procedures:

SECTION 70.060-E Review and Recommendation—Preservation Commission
The preservation commission must hold a public meeting and receive public comments on
the HP zoning map amendment. After the public meeting, the preservation commission
must prepare a report and recommendation on the proposed HP zoning map amendment in
accordance with the general overlay district procedure described in §20.010-D. The report
and recommendation must also include specific findings regarding the proposed map
amendment’s consistency with the HP zoning criteria of §70.060-J. The preservation
commission’s report and all other pertinent information must be transmitted to the planning
commission before the planning commission’s public hearing on the proposed HP zoning
map amendment.
