

**STATEMENT OF THE RELATED SIGNIFICANT CHARACTERISTICS  
OF THE  
COUNCIL OAK TREE SITE  
AND  
GUIDELINES FOR HISTORIC PRESERVATION  
OF THE COUNCIL OAK TREE SITE**

**DEVELOPMENT GUIDELINES  
FOR THE COUNCIL OAK TREE SITE**

**ITEMS ON TREE:**

Placement of any item on the Tree shall not be allowed without specific approval of the Tulsa Park and Recreation Department.

**SIGNS:**

Placement of any sign or monument on the site shall not be allowed without specific approval of the Tulsa Park and Recreation Department.

**PLANTING:**

No additional planting of any type, with the exception of grass, shall be done within the interior of the fence surrounding the Tree, without the approval of the Tulsa Park and Recreation Department.

**STRUCTURES:**

No poles, walls or other structure of any type shall be allowed within the interior of the fence surrounding the Tree without approval of the Tulsa Park and Recreation Department.

**UTILITY EASEMENTS:**

No new utility easements shall be allowed within the interior of the Park surrounding the Tree.

**OVERHEAD WIRES:**

No placement of overhead wires shall be allowed on the site.

**PAVING:**

No paving of any type which would restrict water absorption shall be allowed within the interior of the fence surrounding the Council Oak Tree.

**RUNOFF FLOW:**

No change to the site that would change the flow of runoff in a manner that would endanger the health of the Tree shall be allowed.

**USE:**

No active recreation equipment of any type shall be allowed on the site. Park benches may

be allowed on the exterior of the fence surrounding the Tree.

**CHEMICALS:**

No application of chemicals shall be made within the Park or within 100-feet of the Council Oak Tree unless approved by the Tulsa Park and Recreation Department.

**MAINTENANCE:**

Tree maintenance shall consist of the pruning, trimming and care necessary to maintain the Tree in a healthy condition.
